## FALL IN THE FOREST

New students cannot learn everything about what it takes to have a successful college experience in a few days before the semester even starts. Therefore, New Student Orientation programming continues through the fall. In this way, you can continue to learn while you are experiencing what it is actually like to be a student at Wake Forest. Several fall semester Orientation events are required. Please be sure these interesting and important programs are on your calendar!

## FIRST SEMESTER CHECK-INS

The two sessions listed below provide an important opportunity for you to reflect and dialogue with your peers on critical areas of first-year experience. **Attendance and short reflections required of all first-year students; attendance will be taken. For students enrolled in FYE 101, check-ins satisfy some course requirements.**

### **Check-In #1**

**September 9—September 23**

***Becoming an Active Bystander (with RAs)***

---

You are expected to attend the session scheduled by your RA unless you have a University-approved conflict (class, employment or athletic obligation) at the time your RA is holding the check-in. In the case of a University-approved conflict, it is your responsibility to attend a session with an alternate group at a different time.

### **Check-In #2**

**September 24 or September 27, 3 p.m.—7 p.m.**

***Benson 401: Academic Success Event (with SAs)***

---

You are required to attend one of the two events with your Student Adviser.

### **October 23—November 3**

***Advising for Spring Registration***

---

Be sure to schedule (and attend!) a meeting with your adviser during this period. The advising meeting provides a wonderful opportunity to update your adviser about how your semester is going and to get your adviser's advice about your current work as well as courses for spring semester. And, as another detail... you must attend this meeting in order to get the Personal Identification Number (PIN) you will need to register for spring semester courses.

**Attendance Required!**
