In Julie Schumacher’s new novel, *The Shakespeare Requirement*, literature professor Dennis Cassovan wryly observes about our world: “Out with considered nuance and argument; in with publicity stunts, competitive righteousness, and the thrill of rage.” We as faculty in the College work hard to provide all our students with an exceptional liberal arts education that cultivates intellectual inquiry, mutual respect, and reasoned debate despite a broader culture that privileges hype and division. This week Wake Forest is introducing its Call to Conversation program as a complement to the ways we as faculty help our students develop their values, ideals, and aspirations. Call to Conversation aims to increase empathy and our sense of community by encouraging more face-to-face engagement on meaningful topics. You will be receiving more information about the program across this week, and you will be welcomed to be a part of the effort if you wish by hosting, moderating, or encouraging these special conversations.

From the Dean's Office

**MOVEMENTS AND MIGRATIONS**

Deadline for proposals: Monday, October 15, 2018
The Office of Online Education and the Office of the Dean of the College are pleased to announce a grant program intended to encourage development of high-quality online courses in support of the undergraduate mission. These course development grants provide a summer stipend for College or ZSR Library faculty to develop online undergraduate courses to be first delivered in Summer 2019. Visit the Office of Online Education for more information and to apply.

ACADEMIC ADVISING ANNOUNCEMENTS
CARING FOR STUDENTS AND ACADEMIC SUCCESS
A predictor of academic success for our newest students is knowing that faculty care about them. Being accessible can make a difference. The Office of Academic Advising is available for support. Faculty can use Academic Alert to report concerns about attendance, poor classroom performance, or significant changes in appearance or behavior. If a student displays disruptive, troubling, or threatening behavior, please relay those concerns to Karen Bennett or Christy Buchanan.

FALL IN THE FOREST
First-year students are participating in Fall in the Forest “check-ins,” which are required over the first few weeks of class as part of extended orientation. The first check-in focuses

TECH TIP: GOOGLE BACKUP AND SYNC

Rick Matthews, Director of Academic and Instructional Technology
This tech tip comes from Jeff Muday of the Instructional Technology Group.
Google Backup and Sync is a tool from Google that replaces the desktop applications for both Google Drive and Google Photos. Google Backup and Sync can provide a secondary backup for your WFU laptop or provide a cloud backup for an Android-type cell phone and a home-office computer. Google Backup and Sync permanently archives your photographs and videos, as well as indexes them in Google Photos. It also allows you to access files from your computer with your cell phone. Find out more information at the following link.

For other tips and tutorials, visit the Instructional Technology Group site or contact your instructional technologist.
