THE WAKE FOREST UNIVERSITY MACE

The Wake Forest University mace, a handsome staff decorated with scenes and symbols of the University, was first used at the inauguration of President James Ralph Scales in April 1968. It is a traditional symbol of authority and is carried at the head of the academic processions at Commencement and convocations. The mace is shaped from a single sheet of silver covered with gold. It has an ebony handle. Etchings of Wait Chapel, Reynolda Hall, an arch at an entrance to the campus, and the cupola on the Z. Smith Reynolds Library are on the largest, or middle, section. Pictures of the Old Campus are on the top section. On the bottom are panoramas of the medical school, Carswell Hall and the skyline of Winston-Salem. Each section is separated by raised drawings of magnolias. A double-cast seal of the University is at the top of the mace. The mace was given by Tom Davis of Winston-Salem in honor of his father, Egbert Lawrence Davis (LLB 1904).

THE PRESIDENTIAL CHAIN OF OFFICE

The Presidential Chain of Office is part of the academic regalia worn by the President at Commencement and convocations. It is a goldplated necklace of medallions linked by onyx-centered magnolia blossoms. On each medallion is the name of a former Wake Forest president and the years of his tenure. The Chain of Office was a gift to the University in 1991 from Weston P. Hatfield ('41), a life trustee and former chair of the Board of Trustees.

ACADEMIC REGALIA

Academic regalia apparently originated at Oxford and Cambridge more than 600 years ago. The apparel is little changed in design, colors, and symbolism. In no other sector are the ancient usages of the university so unchanging. In 1895 an intercollegiate commission drafted a uniform code for the use of academic caps, gowns, and hoods in the United States. Over the years there have been only minor revisions to the code, which is followed by 95 percent of the colleges and universities in America, including Wake Forest.

Gowns, which according to the tradition, are all black (Harvard, Princeton, and Yale are exceptions), are of three kinds. The bachelor's gown is a comparatively simple kind that falls in straight lines from an elaborate yoke. The master's gown is similar to the bachelor's except for its peculiar arrangement of the long sleeves with square ends that hang below the elbow. The doctor's gown is an elaborate, full-cut, flowing costume distinguished by velvet panels down the front and around the neck and by three bars of velvet on the bell-shaped sleeves.

The academic hood was literally a garment to protect the wearer from foul weather. It is the identifying symbol of the degree. The length indicates which degree it represents: three feet for the bachelor's, three and a half for the master's, and four for the doctoral. The lining indicates the college or university which awarded the degree. Those who receive degrees from Wake Forest wear hoods lined in old gold and black. The color of the trimming identifies the major field of learning: white for arts and letters, copper for journalism, purple for law, green for medicine, drab for business, pink for music, silver-gray for speech, dark blue for philosophy, light blue for education, sage green for physical education, golden yellow for science, cream for social science, and scarlet for theology.

The Wake Forest University trustees wear black robes with old gold and black on the front panels and the bars on the sleeves. The shield from the University seal is embroidered on the front panels.

Some universities have duplicated colors, but generally a glance at the lining, which is worn exposed, will identify the awarding institution. Some of the university colors worn today are:
